

Stonecreek Family Physicians is starting to give COVID-19 Vaccinations for our patients that fall under phases 2,3 and 4 according to the CDC and RCHD guidelines. Sign up is for the first dose only. If you have received your first dose at another facility, you will have to complete your second dose with them.

This will be for the first 300 Stonecreek patients to sign up who fall under the phases below.

Once 300 patients have been scheduled, we will take down the book an appointment link. Please check our website daily as we will reestablish the book an appointment link once we have received vaccines for future clinics.

Phase 2 includes patients ages 65 and older.

Phase 3 includes patients ages 18-64 with the following conditions: cancer, chronic kidney disease, COPD, down syndrome, heart conditions, immunocompromised, obesity, pregnancy, sickle cell disease, smoking and type 2 diabetes.

Phase 4 includes patients ages 16-64 with any of the previously listed conditions in phase 3 and the following conditions: Asthma, cerebrovascular disease, cystic fibrosis, neurologic conditions, liver disease, pulmonary fibrosis, thalassemia, type 1 diabetes.

If you are interested in scheduling the vaccination at our facility, please go to www.stonecreekfp.com.

Select the Book an Appointment button on the upper right-hand side of screen.

- Select COVID Vaccination; Stonecreek Family Physicians; March 27, 2021 COVID Vaccination Stonecreek Patients only Phases 2,3 and 4.
- Have you visited this provider before? Please select YES.
- Scroll to the bottom of the screen and select "send request".
- Enter your demographics, first and last name, email, DOB, phone number and gender. Select next.
- Visited the provider? Please select YES.
- Reason for the visit? Type COVID-19, then select COVID below when it highlights in blue.
- Skip Info for the Provider section.
